## EARTH TREMBLED.

**A Terrific Bombardment on the Forts at Port Arthur by the Japanese.**

### THEIR LOSSES WERE VERY HEAVY

**The Indications Are That the Final and Successful Engagement is About to Commence.**

**Many Experts Do Not Expect a Decisive Engagement Near Mukden Before Spring—Foreign Attaches Returning Home.**

London, Nov. 4.—The Daily Telegraph's Che Foo correspondent, telegraphing Thursday, says that the Japanese losses during the last assault on Port Arthur were heavier than on any of the previous attacks. The bombardment, he says, was so fierce that the streets of Dalny were said to tremble as though from an earthquake. The same paper's correspondent with Gen. Oku, under date of November 2, says that the indications are that a terrific engagement is about to commence.

Berlin, Nov. 4.—The Lokal Anzeiger's Mukden correspondent claims the most trustworthy authority for the statement that 34,000 sick or wounded Russian soldiers were sent away after the last engagement.

Col. Gaedke, the Tageblatt's correspondent with the Russian army, telegraphs that the Russian positions on the Shakhe river are daily becoming stronger in spite of the proximity of the opposing army. The possibility of a Japanese attack, Col. Gaedke adds, is constantly diminishing and many experts do not expect that there will be a decisive engagement before spring. The two Spanish attaches are returning home, and others probably will follow soon.

Che Foo, Nov. 3.—Port Arthur is doomed. A press correspondent here has received information, the reliability of which is beyond question, that the Japanese now occupy positions which place the east side of the town at their mercy. The last assault has gained for them positions which insure their ability to enter the main east forts whenever they are ready. Long before the Second Pacific squadron arrives the Japanese flag will wave over the wrecked citadel. This will end Viceroy Alexieff's dream of an unconquerable city.

Rome, Nov. 4.—A dispatch from Tokio to the Italia Militaire repeats the report that the Japanese have tunneled well under Port Arthur. This dispatch asserts the tunnel has been finished from Pigeon bay to within an eighth of a mile of Golden Hill fortress—the main fortress of the stronghold.

Tokio, Nov. 4.—News from Port Arthur is to the effect that Tuesday's bombardment was of the fiercest description. Five of the Russian warships in the harbor are reported to have been severely damaged.

New Chang, Nov. 4.—Explosions occurred early Thursday morning inside Port Arthur. It is believed magazines or mines have been exploded.

London, Nov. 4.—A dispatch to a news agency from St. Petersburg says Lieut. Gen. Stoessel, commander of the Russian troops at Port Arthur, is reported to be wounded in the leg.

### THE MIKADO'S BIRTHDAY.

**An American Admiral Refused to Fire a Salute in Honor of It.**

Che Foo, Nov. 4.—The Japanese consul here, on the occasion of the mikado's birthday, requested Rr. Adm. Folger, commanding the cruiser division of the American Asiatic fleet, and the captain of a Chinese cruiser to fire a salute Thursday. Rr. Adm. Folger declined to accede to the request, on the ground that he was not in Japanese waters. The Chinese captain, however, complied. The incident has aroused much comment.

### THE DANVILLE RIOTERS.

**Must Serve Out the Longest Sentences Permissible By Law.**

Springfield, Ill., Nov. 4.—The state board of pardons Thursday decided that ten rioters, who were sentenced to the penitentiary from Vermillion county for lynching a Negro, in Danville 16 months ago, must serve out the longest sentences permissible under the law; that is, five years. It was the attack of these men on the Danville jail that Sheriff Whitlock repulsed by firing on the mob and wounding several when they attempted to lynch a second Negro.

### WILL DON SHORT SKIRTS.

**Thirty Pretty Girls Are to Give a Benefit Performance.**

Louisville, Ky., Nov. 4.—Thirty pretty Louisville girls went on record Thursday for short skirts when it comes to stage costumes. The girls are to take part in "The Daughter of the Regiment," to be given at Macaulay's theater next Thursday evening for the benefit of the Confederate home. There has been much discussion as to the length of the skirts to be worn. Some wanted ankle "dips," while others insisted that shorter ones would present a better stage effect, and they would not appear in the longer ones. They won when the question was put to a vote, and skirts which will come just below dimpled knees were ordered from a Cincinnati costumer.

### DETERMINED TO VOTE.

**Victor Bogart Came All the Way From Brussels to Register.**

Lexington, Ky., Nov. 4.—To preserve unbroken his record of having voted in every presidential election since naturalization, Victor Bogart came from Brussels, Belgium, in time to register Wednesday. He had planned to return to Lexington in late December, but hastened his coming in order to participate in the election. He has not decided for which presidential candidate he will vote.

### THE ORPHAN BRIGADE.

**Capt. John H. Weller, of Louisville, Was Chosen Commander.**

Frankfort, Ky., Nov. 4.—At the general meeting here Thursday of the Orphan Brigade of the Confederacy, the remnant of the noted Kentucky regiments which took part in the civil war, Capt. John H. Weller, of Louisville, was chosen commander, succeeding the late Gen. Joseph H. Lewis. Gen. Lewis held the office from the close of the war until his death, two months ago.

### Valuable Horse Injured.

## THE DEAD MINERS.

**The Bodies of Nine of the Ten Killed in the Auchincloss Colliery Recovered.**

### ALL WERE HORRIBLY MANGLED.

**The Heads and Trunks of Some Were Crushed to a Jelly by Their Fall of 1,800 Feet.**

**Pitiful Scenes Were Witnessed at the Shaft's Mouth When the Severed Remains Were Brought to the Surface in Buckets.**

Wilkesbarre, Pa., Nov. 4.—The bodies of nine of the ten miners who were killed at the Auchincloss colliery in Nanticoke Wednesday were removed from the sump at the foot of the shaft Thursday. All were horribly crushed and mangled by the fall, some 1,800 feet, and the identification is difficult.

Arms and legs were torn from the trunks of some of the victims while the heads and trunks of others were crushed to a jelly. The work of recovery was exceedingly difficult and the rescuers braved extreme danger in recovering the bodies.

Pitiful scenes were witnessed at the mouth of the shaft when the severed remains were brought to the surface in buckets which had been rigged up.

The widows, orphans and other relatives surrounded the shaft during all of Wednesday night and Thursday night. When the first body reached the surface its condition was such that the officials refused to allow any one to see the remains. The bodies of all the victims were carefully wrapped up before they were brought to the surface and were taken to an undertaker's morgue to be prepared for burial when the relatives will be allowed to identify and claim their dead.

### YOUNG GIRL MURDERED.

**She Was On Her Way Home From Her Work.**

Cincinnati, Nov. 4.—Almost an exact counterpart of the Lulu Mueller murder in Lover's lane, Cumminsville, was reported to the police early Thursday. Terribly cut and crushed about the head, the dead body of Alma Steingeweg, 18, of McMakin avenue, Winton Place, was found Thursday morning at the foot of Winton road, between Spring Grove avenue and Mill creek.

Positive evidence that a brutal murder, possibly more shocking than that of Lulu Mueller, had been committed, was adduced as soon as Coroner Weaver arrived and the body was turned over.

Down the back of the young victim were unmistakable evidences that she had been dragged, thus disposing of the possibility that she had been struck by a street car. From the middle of the track a trail of blood, which had dripped from frightful wounds in the head, led to the spot where the body lay.

There were two significant things discovered. The first was that her raiment was disarranged, as though in a desperate struggle for life or honor. The second, discovered by painstaking and almost microscopic search of every inch of the ground where the body was found, was a safety pin of the sort usually worn by women. This was crushed into the ground by a boot heel, of which the imprint was very easily discernible.

### BUFFALO BILL.

**He and His Party Will Not Join in the Man Hunt.**

Thermopolis, Wyo., Nov. 4.—Sheriff Fenton, of Big Horn county, came in Thursday night from the chase after the outlaws who attempted to rob the First national bank of Cody and killed Cashier Middaugh on Tuesday last. He had a conference with Sheriff Stough, of Fremont county, and the two officers left again Friday morning for the Bad Lands in the vicinity of Tarby creek, east of the Big Horn river, where Fenton believes he has the outlaws surrounded. The officers will endeavor to prevent the robbers from penetrating the interior of the Bad Lands, for once inside their capture would become an extremely hazardous task.

The fact developed Thursday that the outlaws after leaving Cody Tuesday evening traveled over the main county road to within four miles of this place, then made a detour to the southwest and entered the main road again six miles out. They have since been traveling by main roads. This boldness on the robbers' part can not be accounted for.

A special from Cody says that William F. Cody (Buffalo Bill) will not join the man hunt. He will leave Friday with his English and other guests for a hunt in the wilds northwest of Cody.

The reward for the bandits, dead or alive, has been increased to \$10,000. The sum has been made up by Col. Cody, the citizens of the state, banks of the state and other concerns and will probably be increased in a day or two.

### SUPPLEMENTAL TREATY.

**The Rate on International Money Orders Decreased.**

Washington, Nov. 4.—Postmaster General Wynne Thursday signed a supplemental treaty with the Hungarian government relating to money orders passing between the two countries. Under its terms the rate of commission paid by the country of origin to the country of payment is reduced from one-half of one per cent. to one-fourth of one per cent. This applies to all classes of international money orders. At the same time it affects a corresponding reduction in the fees charged for the use of money orders in the United States, as well as the use of the money orders in Hungary. So far as this country is concerned the fees are reduced to from eight cents to 50 cents, whereas formerly they were from ten cents to one dollar. The money order business with Austro-Hungary is said to amount to between \$3,000,000 and \$4,000,000 and it is believed here that under the new treaty this amount will be increased.

### COMMANDER BOOTH-TUCKER.

## THE AIRSHIP FOUND

**The Escaped California Arrow Landed About 16 Miles West of St. Louis.**

### IT WAS ONLY SLIGHTLY DAMAGED.

**There Are Two Small Rents in the Gas Bag Which Can Be Repaired in an Hour.**

**Machine Was Loaded on a Hay Wagon and Taken Back to St. Louis and Will Be Prepared For a Flight Saturday.**

St. Louis, Nov. 4.—The airship of Capt. T. S. Baldwin, which suddenly slipped away Wednesday night as it was being towed in from the country to the aeronautic concourse, was found Thursday 16 miles west of St. Louis. It was unharmed by its wild night flight, save for two small rents in the gas bag, which Capt. Baldwin stated could be repaired in half an hour.

When the "Arrow" escaped there was just enough gas to lift the craft well off the ground. Inventor Baldwin expressed his belief at the time that the cold night air would condense the gas rapidly and cause the airship to come down in the vicinity of St. Louis. After floating in the wind for 16 miles the airship came down to within a short distance of the ground and her anchor ropes became entangled in the dead limb of a tree. This served as an anchor and the airship was found so moored in a cornfield by farmers.

Word reached Baldwin late in the day that his airship had been found. He and Aeronaut Knabenshue hurried to the scene in an automobile, and were rejoiced to find the aerial craft uninjured with the exception of two small tears in the balloon.

The balloon was deflated and after negotiations had been completed with a farmer the collapsed airship was loaded on to a hay wagon and brought back to the exposition aerodrome.

Capt. Baldwin stated Thursday night that he expected to have the airship in readiness for a flight by Saturday afternoon.

The cope was presented by Pope Nicholas IV. to Ascoli, his native place. It is a French work of the 13th century and is one of the finest specimens of fetal art of that period that have been preserved.

It was in 1902 that the cope was stolen by an Italian from the cathedral of Ascoli while repairs were being made on the building.
